

Description

ezGREEN Degreaser is a nonflammable formula designed for the toughest de-greasing applications including: engine compartments, machinery and heavy equipment, aqueous-safe parts washing tanks. EZGREEN penetrating cleaner clings to the soiled surface immediately to eliminate waste of product. EZGREEN will not harm plastic or rubber*. In addition, EZGREEN is a water based solvent product, eliminating high disposal costs. Excellent on concrete floors!

Recommended

ezGREEN Is a strong, highly active degreaser designed to quickly and safely dissolve and remove oil, grease, industrial grime and hardened soils from surface areas. EZGREEN quickly breaks down contaminants, allowing them to be rinsed easily leaving no residue or odor.

Application

ezGREEN Is a real cost saver! Dilute with water up to 20:1. To apply, use a tank sprayer or siphon gun. (Application to warm surfaces maximizes effectiveness). Use a drenching affect to cover surface areas and let stand for 3 to 5 minutes. Rinse product off thoroughly with high water flow and/or washer pressure.

Special Notes

ezGREEN Eliminates the need of costly steam cleaning.

pH Reference Chart

Undiluted	13
3:1	12
7:1	11.5
10:1	11
20:1	9.5

***Always "spot test" any EZCLEANER before applying generally to ensure material and surface compatibility.**
